

Unmanned Aircraft Systems

Insurance and Risk Management

Global Aerospace is at the forefront of providing insurance products and services for all areas of the growing drone industry, including operators, manufacturers or those hiring drone professionals. The Global Aerospace UAS online portal, available via affiliated producers, provides drone owners and operators the ability to quickly and efficiently purchase an annual policy.

Key portal benefits

-  Quick, convenient, no hassle!
-  Free, instant, no obligation quote
-  Competitive pricing, broad coverage
-  *Make instant changes to your policy
-  Easy access to Certificates of Insurance
-  Secure purchase via credit card
-  Free safety documents covering flight safety, privacy management and emergency response

**Available for brokers only. Make instant policy changes online, including liability limits, aircraft schedule and rented equipment.*

Collaboration Opportunities

Insuring UAS risks can be a challenging task. Global Aerospace is available to discuss ways in which we can help other insurance carriers navigate this complex environment.

Visit our website to learn more about our drone insurance products, partnerships with DARTdrones, or to download the GA UAS White Paper Series.
